Resolution# 2020-3

Resolution of the Town Board of Washington

Whereas; The Town Board of Washington believes broadband internet service is extremely important for the residents and businesses of our Town,

And whereas; broadband internet is a critical service for economic development, educational and informational opportunities for students, at-home workers and senior citizens,

And whereas; the Town would be able to update Town residents through our monthly newsletter with the status of our projects,

And whereas; the Town would be able to contact the landowner of proposed site,

Now therefore be it resolved; That the Washington Town Board agrees to partner with SonicNet Inc. to expand broadband service in the Town for the purpose of securing a Broadband Expansion Grant 2021.

Dated this 30<sup>th</sup> day of November 2020
